PROFESSIONAL SUMMARY

Experienced QA Automation Engineer with 5 years of experience in Manual Testing, UI Automation, API Testing, and scalable test framework design across Telecom and OTT Streaming domains. Strong expertise in Selenium, Playwright, Java, JavaScript, REST Assured, and Postman. Hands-on experience in manual OTT testing across Web, Android TV, Tizen OS, WebOS, and Android Mobile, including playback, subscription, content discovery, DRM, buffering, and resolution validation. Experienced with CMS, Mixpanel analytics, Agile environments, and quality-focused release delivery.

PROFESSIONAL EXPERIENCE

Quality Engineer TO THE NEW, Noida

Jan 2026 – Present

- Performed end-to-end manual testing of OTT applications across Web, Android TV, Tizen OS, WebOS, and Android Mobile.
- Tested critical OTT workflows including login, content discovery, playback, subscription, search, and user journeys.
- Validated video streaming quality including buffering, resolution adaptation, playback behavior, and DRM-protected content.
- Performed functional, regression, exploratory, smoke, and cross-platform testing in Agile sprints.
- Validated content and metadata workflows through CMS and verified user behavior and event tracking using Mix-panel.
- Designed and maintained detailed test cases and test scenarios, identifying defects across multiple OTT platforms and devices.

Software Quality Assurance Associate TELUS International, Noida

Dec 2022 – Dec 2025

- Performed manual and automation testing for enterprise telecom applications.
- Automated regression suites using Java and REST Assured.
- Validated subscriber management APIs ensuring data accuracy and reliability.
- Authored 300+ test cases and logged 311+ defects.
- Reduced production defect leakage by 30.50%.

Software QA TELUS International, Noida

Aug 2021 – Dec 2022

- Designed and executed UI and functional test cases.
- Logged 200+ UI/UX defects improving usability.
- Conducted cross-browser testing.
- Participated in Agile ceremonies and defect triage.

PROJECTS

QA AI Practical Assessment — Playwright, JavaScript

- Automated UI and API workflows with POM, reporting, and AI-assisted QA.

Buggy Cart E2E Automation — Playwright, JavaScript

- Automated critical web workflows and supported manual defect testing.

OrangeHRM E2E Automation Framework — Playwright, JavaScript

- Built POM-based E2E automation with reporting and cross-browser testing.

Selenium POM Automation Framework — Java, Selenium, TestNG

- Developed reusable POM-based UI automation with TestNG and Maven.

Selenium Page Factory Framework — Java, Selenium, TestNG

- Built Page Factory-based UI automation with reusable test components.

Playwright POM Framework — JavaScript, Playwright

- Developed reusable POM-based UI automation with multi-browser support.

Playwright API Testing — JavaScript, Playwright

- Automated REST API validation for GET, POST, PUT, PATCH, and DELETE.

QA Portfolio Website — HTML, GitHub Pages

- Created a portfolio showcasing QA automation projects and skills.

KEY ACHIEVEMENTS

- Reduced production defects by 30.50% through early detection.
- Reduced automation execution time from 14 to 8 hours.
- Built 18+ automation scripts improving regression efficiency.

TECHNICAL SKILLS

Automation Tools: Selenium, Playwright
Languages: Core Java, JavaScript, TypeScript
Frameworks: TestNG, Cucumber, BDD, POM (Page Object Model)
API Testing: Postman, REST Assured
OTT & Manual Testing: OTT Testing, Web, Android TV, Tizen OS, WebOS, Android Mobile, Functional, Regression, Smoke, Sanity, Exploratory Testing
OTT Tools & Platforms: CMS, Mixpanel
CI/CD & Tools: Jenkins, Maven, GitHub, JIRA, Cursor
Methodologies: Agile, SDLC, STLC

EDUCATION

PGDCA, Information Technology E-Knowledge Computer Centre	2019 – 2021
BCA, Computer Science J.S Degree College Amroha	2017 – 2019

CERTIFICATIONS

- **Generative AI for Software Developers** — IBM, Jun 2026
- **GenAI for QA - Masterclass in Testing & Automation** — Packt, Jun 2026
- **Selenium Automation Quiz** — Naveen AutomationLabs, Oct 2025
- **Certified Associate in Software Testing (CAST)** — Eduonix Learning Solutions Pvt Ltd, Oct 2025
- **Mastering Cursor: From Setup to Real Projects** — SkillsBooster Academy, Aug 2026
- **Build AI Agents using MCP** — IBM, Aug 2026
- **Spoken English** — LearnVern, Mar 2022
